

Meet The Family Team

At Band Hatton Button we have a team of highly experienced family law solicitors specialising in a broad range of divorce and family law services. All our lawyers are members of **Resolution – First for Family Law** and work to promote a conciliatory approach to the cases they deal with.

Our team understand how difficult and worrying issues around separation and divorce can be, especially where children are concerned, and we can help ease the stress and your concerns.

All our family lawyers will be happy to speak with you on the telephone first to deal with your initial enquiries and give you further information in relation to your options, without any charge or further obligation.

Thereafter we offer very competitive fixed fees on a broad range of standard services such as divorce proceedings and meetings to provide detailed advice or case review. For more complex needs we have the knowledge and experience to be able to give clear information in relation to what you can expect during your case and how much it may cost.

Areas of work which our Family team covers include:

- Change of Name Deeds (Adults and Children)
- Child arrangements
- Civil Partnerships
- Collaborative Family Law
- Cohabitee Disputes
- Pre and post-Nuptial and cohabitation agreements
- Financial Settlements of all types including Separation agreements
- Injunctions, personal protection and occupation orders
- Mediation
- Divorce proceedings
- Costs
