

Meet The Personal Injury and Accident Team

We specialise in pursuing personal injury accident claims and recovery of losses suffered, including:

- Road Traffic
- Accidents at Work / School
- Tripping
- Sports Injuries
- Criminal Injury
- Accidents Abroad / on holiday

Band Hatton Button LLP is a member of Accident Line which is endorsed by The Law Society and provides accident victims with free initial advice with a Specialist Personal Injury Solicitor. Accident Line only refers victims of accidents to Solicitors who are experienced in handling personal injury claims.

Our Personal Injury team can provide expert advice and representation to help ensure that our Clients receive all of the compensation that is due to them without any worries about costs or funding a claim

The majority of personal injury cases taken on can be dealt with under a Conditional Fee Arrangement (CFA), which is more widely known as a “no win-no fee” arrangement. Through Accident Line Band Hatton Button is able to provide insurance for the other party’s legal costs and for a client’s own expenses (known as disbursements).

If you have been injured in an accident and you think you might have a claim for compensation. You must seek early advice.
